

TEXTILENE CARE

Use a dry, clean cloth to dust your furniture weekly and help maintain its luster. To clean your furniture, spray off any dirt or debris with a hose and wipe dry with a soft cloth.

In the event of a sticky or tough stain, use a solution of mild soap and water to clean your chair. Hose down and wipe dry with a soft cloth. (Please do not use a cleaning agent that contains ammonia or any other harsh chemicals)

We recommend that you protect and prolong its life with our Textilene Care. This product will clean and protect your textilene against discolouration and cracking caused by UV rays and the weather.
